## BARRISTER WINERY

Founded in a garage by Michael White and Greg Lipster, two attorney/winemakers, Barrister Winery is now located in a 100 year old brick building in the historic Davenport Arts District in downtown Spokane, Washington.

Their grapes come from some of Washington's most prestigious vineyards. Their grapes are all hand picked, fermented in small lots and barrel-aged in French and American Oak for 16 to 36 months.

Michael and Greg are passionate about wine and are striving to produce only premium quality wines. Although it's a business now, it's still a labor of love.

Come join Kelly at the Award winning Barrister Winery. Just seeing the Winery is an event.

Please feel free to bring a picnic and soft drinks only. Because of Legal issues you must be 21 to attend.
